RE: Application of Cricket Communications, Inc. for designation as an Eligible Telecommunications Carrier pursuant to Section 214(e)(2) of the Communications Act.

Dear Mr. Terreni:

Enclosed for filing please find the original and two (2) copies of an Application, associated draft Notice of Filing and Hearing and cover sheet in the above-referenced matter. I would appreciate your acknowledging receipt of these documents by date-stamping the extra copies enclosed and returning them to via person delivering same.

By copy of this letter, I am serving the Office of Regulatory Staff with a copy of same and enclose a certificate of service to that effect.

If you have any questions or if you need any additional information, please do not hesitate to contact us.

Sincerely,

WILLOUGHBY & HOEFER, P.A.

John M. S. Hoefer 🥢

Columbia, South Carolina This 7th day of January, 2010.

PUBLIC SERVICE COMMISSION OF SOUTH CAROLINA

DOCKETING DEPARTMENT

NOTICE OF FILING AND HEARING

DOCKET NO 2010- -C

Cricket Communications, Inc. ("Cricket") has filed an Application with the Public Service Commission of South Carolina (Commission) for designation as an Eligible Telecommunications Carrier (ETC) pursuant to Section 214(e)(2) of the Telecommunications Act of 1934, as amended, and S.C. Code Ann. Regs. 103-690. Cricket seeks ETC designation solely to provide Lifeline and Link Up service to qualifying households South Carolina consumers in Berkeley, Charleston, Colleton, Dorchester, Lancaster and York Counties. Cricket does not seek access to funds from the Federal Universal Service Fund (USF) for the purpose of providing service to high cost areas. Cricket will provide Lifeline and Link Up service to qualifying customers requesting these services in these South Carolina Counties pursuant to the universal service program and in accordance with 47 C.F.R. § 54.202(a)(1).

Cricket is a provider of advanced wireless services ("AWS") in various parts of the State of South Carolina. The Application reveals that Cricket provides CMRS service in portions of the State of South Carolina.

A Copy of the Company's entire Application can be found on the Commission's website at www.psc.sc.gov under Docket No. 2010-__-C. A copy of the Application is also available from John M. S. Hoefer, Esquire, P.O. Box 8416, Columbia, South Carolina 29202.

PLEASE TAKE NOTICE that a hearing on the above matter may be scheduled before the Commission or its hearing examiner in the Commission's Hearing Room at 101 Executive Center Drive, Saluda Building, Columbia, South Carolina.

Any person who wishes to participate in this matter, as a party of record with the right of cross-examination, should file a Petition to Intervene in accordance with the Commission's Rules of Practice and Procedure on or before _____, 2010, and indicate the amount of time required for his/her presentation. Please include an email address for receipt of future Commission correspondence in the Petition to Intervene. *Please refer to Docket No. 2010-__-C.*

Any person who wishes to testify and present evidence at the hearing should notify the Docketing Department, in writing, at the address below, the Office of Regulatory Staff at 1401 Main Street, Suite 900, Columbia, South Carolina 29201, and John M. S. Hoefer, Esquire, at the address above on or before ______, 2010 and indicate the amount of time required for his/her presentation. *Please refer to Docket No. 2010-__-C.*

Any person who wishes to be notified of any changes in the hearing, but does not wish to present testimony or be a party of record, may do so by notifying the Docketing Department, in writing, at the address below on or before _____, 2010. *Please refer to Docket No. 2010-__-C.*

PLEASE TAKE NOTICE: Any person who wishes to have his or her comments considered as part of the official record of this proceeding <u>MUST</u> present such comments, in person, to the Commission during the hearing.

Persons seeking information about the Commission's Procedures should contact the Commission at (803) 896-5100.

DOCKET NO. 2010 -21-C

Re:	Application of Cricket Communications,)	
	Inc. for Designation as an Eligible)	
	Telecommunications Carrier)	
	pursuant to Section 214(e)(2))	APPLICATION
	of the Communications Act)	
)	

Cricket Communications, Inc. ("Cricket"), hereby applies, pursuant, to 47 U.S.C. § 214(e)(2) and 26 S.C. Code Ann. Regs. 103-690 (2008), for designation as an Eligible Telecommunications Carrier ("ETC") in Berkeley, Charleston, Colleton, Dorchester, Lancaster and York counties solely for the purpose of receiving low income support from the federal universal service fund ("FUSF"). For the reasons set forth below, Cricket submits that it meets all requirements of law and regulation for the limited ETC designation sought hereby and in support thereof, would respectfully show unto this Honorable Commission as follows:

BACKGROUND

1. Cricket is a Delaware corporation authorized to do business in the State of South Carolina, and provides advanced wireless service ("AWS") using its own facilities in Berkeley, Charleston, Colleton, Dorchester, Lancaster and York counties pursuant to authorizations of the Federal Communications Commission ("FCC").

1 Just

¹Specifically, Cricket holds FCC licenses AW-BEA026-C authorizing it to provide AWS in the Charleston-North Charleston economic area and AW-BEA023-C authorizing it to provide AWS in the Charlotte-Gastonia (NC) and Rock Hill (SC) economic area (the latter of which includes other counties in South Carolina where Cricket presently has no facilities). Although 47 CFR §27.4 defines AWS simply as "[a] radiocommunication service licensed pursuant to this

2. The authorized representatives of Cricket in this proceeding are the undersigned and all correspondence, communications, pleadings, notices, orders and decisions relating to this Application should be addressed to same.

OFFER OF SERVICES IN COMPLIANCE WITH 47 CFR §54.101

- 3. As an AWS provider, Cricket is a carrier allowed to seek ETC designation from this Commission under 47 USC §214(e). See *Federal-State Joint Board on Universal Service*, First Report and Order, 12 FCC Recd 8776, 8858-59, ¶145 ("*First Report and Order*"). Under R. 103-690.C, a carrier seeking ETC designation must offer and advertise the services contemplated under 47 CFR §54.101. These services, and the bases upon which Cricket asserts that it is capable of offering same, are as follows:
 - (a) <u>Voice grade access to the public switched telephone network ("PSTN")</u>.

 Cricket's system is capable of transmitting and receiving voice communications, including signaling that a subscriber seeks to place a call or that a call is incoming by interconnection arrangements with local exchange carriers ("LECs").
 - (b) <u>Local usage</u>. Cricket offers a wide variety of local usage plans which are comparable to those offered by incumbent LECs in the area proposed for designation. Attached as Exhibit "A" are descriptions of Cricket's local calling plans which are offered in the area requested for designation, each of which

part for [certain] frequency bands", it has been described by the FCC as "the collective term used for new and innovative fixed and mobile terrestrial applications using bandwidth that is sufficient for the provision of a variety of applications, including those using voice and data (such as internet browsing, message services and full-motion video) content." See *Public Notice*, *Auction of Advanced Wireless Services Licenses*, AU Docket No. 06-30, January 31, 2006. AWS has commonly been associated with the so-called "third generation" or ("3G") wireless services. *Id.* Cricket is also a commercial mobile radio service ("CMRS") provider which holds ETC designation from this Commission in certain portions of Beaufort, Hampton and Jasper

reflects a local calling area greater than the local calling area of the incumbent LECs. Cricket provides rate plans which include not only a substantial local calling area, but a usage component that provides excellent consumer values given that each provides for unlimited local calling. Because Cricket offers multiple rate plans which afford universal service, subscribers have the opportunity to select a rate plan that best suits their needs based on calling areas and local calling included in each such plan.

- (c) <u>Dual tone multi-frequency signaling or equivalent ("DTMF")</u>. Cricket provides a method of signaling that facilitates the transportation of call set-up and call detail information through the use of out-of-band digital signaling and inband multinulti-frequency signaling that is the functional equivalent to DTMF signaling, in accordance with the FCC's requirements
- (d) <u>Single-party service or equivalent</u>. Cricket allows a wireless subscriber use of a dedicated message path for the length of a particular transmission by providing a dedicated message path for the length of a users' wireless transmission.
- (e) Access to emergency services. Cricket currently provides its customers with access to emergency services through 911dialing throughout the proposed designation area. Where a public safety answering point ("PSAP") has enhanced 911 capability, Cricket also delivers automatic numbering information ("ANI") and automatic location information ("ALI"). Further, Cricket pays all applicable E-911 fees in a timely manner.
- (f) Access to operator services. Cricket provides access to automatic and live

assistance for subscribers to arrange for billing or completion of a telephone call.

- (g) Access to interexchange service. Cricket makes interexchange or toll call capability available to subscribers through interconnection agreements with interexchange carriers ("IXCs"). On the majority of Cricket's plans, interexchange calls are unlimited (i.e., they can be made for no additional charge with all outgoing call minutes being treated the same). Moreover, subscribers on plans without unlimited interexchange calls are able to reach an IXC of choice by having money in their flex buckets.
- (h) Access to directory assistance. Cricket subscribers are provided access to directory assistance by dialing either "411" or "Area Code + 555-1212".
- (i) <u>Toll limitation for qualifying low-income consumers</u>. Once designated as an ETC, Cricket will participate in the Lifeline and Link Up programs for qualifying low-income customers. The Lifeline calling plans that Cricket intends to offer do not distinguish between local and toll calls. If for any reason Cricket changes that offer, it will meet the toll limitation requirement by providing toll blocking.

DESIGNATION SOUGHT / SERVICE OFFERED UNDER R.103-690

4. Cricket seeks ETC designation only for the purpose of participating in the low income support component of FUSF (i.e., the Lifeline and Linkup programs) in its FCC authorized service area and does **not** hereby seek designation for the purpose of receiving high cost support from the FUSF. As an ETC, Cricket will offer a universal service package to customers who are eligible for Lifeline and Link Up support and will use FUSF support funds only for that purpose. This service offering will be competitive with those of incumbent local exchange carriers ("LECs") serving the requested area and afford eligible South Carolinians in

the affected counties a choice in their Lifeline service. With respect to this service offering, Cricket hereby commits to provide service throughout the portions of Berkeley, Charleston, Colleton, Dorchester, Lancaster and York counties in the proposed designation area to all customers making a reasonable request for service and, as reflected in Exhibit "B" hereto, certifies that it will

- (a) provide service on a timely basis to a requesting customer within Berkeley, Charleston, Colleton, Dorchester, Lancaster and York counties where its network already passes the potential customer's premises;
- (b) provide service within a reasonable period of time if the potential customer is within Berkeley, Charleston, Colleton, Dorchester, Lancaster and York counties but outside Cricket's existing network coverage if service can be provided at a reasonable cost by
 - (i) modifying or replacing the requesting customer's equipment, (ii) deploying a roof-mounted antenna or other equipment, (iii) adjusting the nearest cell tower, (iv) adjusting network or customer facilities, (v) reselling services from another carrier's facilities to provide service or (vi) employing, leasing or constructing an additional cell site, cell extender, repeater, or other similar equipment.

TWO YEAR PLAN

5. Attached hereto and incorporated herein by reference as Exhibit "C" is Cricket's two year plan describing its plans for advertising and outreach programs for identifying, qualifying and enrolling eligible participants in the Lifeline and Link Up programs.

ABILITY TO REMAIN FUNCTIONAL IN EMERGENCIES

- 6. Cricket has the ability to remain functional in emergency situations in that its system
 - (a) features battery back-up power capability at each mobile switching center and cell site consisting of dedicated generators fueled by gas or diesel and multiple mobile gas/diesel generators for cell sites in each market, all of which do not require an external power source to remain functional and can function until such time as traffic can be re-routed or external power restored,
 - (b) is capable of re-routing call traffic around damaged facilities through changing call routing and in certain areas, through deploying a cell on wheels ("COW"),
 - (c) can manage traffic spikes resulting from emergency situations by re-routing of calls the priority of which is determined based on traffic, cell site location, and time of day considerations, and
 - (d) is able to take advantage of mobile command centers established by its switch vendors in the event of a total switch outage.

CONSUMER PROTECTION AND SERVICE QUALITY COMMITMENT

7. Cricket hereby commits to comply with the Cellular Telecommunications and Internet Association's Consumer Code for Wireless Service.

LOCAL USAGE PLAN

8. Cricket's local usage plan is described in paragraph 3(b), *supra* and Exhibit "A" referenced therein.

EQUAL ACCESS OBLIGATION

9. Cricket acknowledges that the FCC may require Cricket to provide equal access

to long distance carriers in the event that no other eligible telecommunications carrier is providing equal access within the area for which designation is sought. See Exhibit "D" hereto.

FACILITIES

10. Cricket offers services that are supported by the FUSF low-income support mechanisms using its own facilities. See Exhibit "D".

ADVERTISEMENT OF SERVICES

11. Cricket advertises the availability of, and applicable charges for, the services supported by the FUSF low-income support mechanism through media of general distribution. See Exhibit "D".

AREAS IN WHICH DESIGNATION IS SOUGHT

12. Cricket requests ETC designation in those portions of its FCC authorized service areas consisting of Berkeley, Charleston, Colleton, and Dorchester, and Lancaster and York counties, which includes the non-rural telephone company wire centers and the rural telephone company wire centers listed on Exhibits "E-1" and "E-2" (Berkeley, Charleston, Colleton and Dorchester counties) and "F-1" and "F-2" (York and Lancaster counties) hereto. Maps depicting Cricket's proposed ETC designation areas are attached hereto as Exhibits "G-1" (Berkeley, Charleston, Colleton and Dorchester counties)and "G-2" (York and Lancaster counties). Because Cricket seeks designation only in its FCC authorized service area in the named counties, it is necessarily requesting designation below the study area level of four rural telephone companies. Accordingly, Cricket recognizes that the Commission may engage in a creamskimming analysis as contemplated under 26 S.C. Code Ann. Regs. 103-690.C(b) (2008).

7

² Exhibit "G-2" also depicts portions of Cricket's FCC licensed area in the Charlotte-Rock Hill BEA which includes counties in South Carolina for which Cricket does not seek

Notwithstanding the provisions of this regulation, Cricket submits that a cream-skimming analysis is unnecessary given that the within application seeks ETC designation solely for the purposes of obtaining low income support from the FUSF. Since this type of support is designed to reduce the initial costs of obtaining service (Link Up) and the monthly cost of acquiring telecommunications service (Lifeline) to qualified low income customers, there is little (if any) likelihood that the designation will allow Cricket to cream-skim low cost areas to the exclusion of high cost areas. The FCC recently addressed this issue and declined to perform a creamskimming analysis where the applicant sought ETC designation for Lifeline support only.³ This is consistent with the underlying purpose of the "cream-skimming" analysis which is designed to alleviate concerns that if a competitive ETC were to seek to serve a disproportionate share of high-density wire centers in a rural ILEC's service area it would receive more support than the ILEC's average cost to serve the entire service area, thus obtaining a windfall while harming the incumbent provider.4 In light of this rationale, the FCC has long-since declined to employ a creamskimming analysis where "unnecessary." Because Cricket seeks only pass-through support for low-income customers, the analysis is unnecessary here, as the FCC has properly recognized.⁶ Cricket therefore requests that the Commission waive the requirement of a cream-

designation as well as counties in North Carolina.

⁶ Virgin Mobile Order, at ¶ 39 n. 101; see also id. at ¶ 11 n. 40 (further recognizing the

³ See In the Matter of Virgin Mobile USA, L.P. Petition for Forbearance from 47 U.S.C. § 214(e)(1)(A), CC Docket No. 96-45, Order 09-18, ¶ 39 n. 101 (March 5, 2009) (explaining that "we need not perform a creamskimming analysis because Virgin Mobile is seeking eligibility for Lifeline support only") (hereinafter "Virgin Mobile Order").

⁴ In the Matter of Federal-State Joint Board of Universal Service, Report and Order, 20 FCC Rcd 6371, CC Docket No. 96-45, Order 05-46, ¶ 49 (March 17, 2005) (hereinafter "ETC Requirements Order").

 $^{^5}$ ETC Requirements Order, at ¶ 52 (finding that cream-skimming is a concern in rural areas but that the analysis is "unnecessary" in non-rural service areas because of the different cost model).

skimming analysis.

THE PUBLIC INTEREST WILL BE SERVED BY GRANTING DESIGNATION

advantage of Cricket's current service offerings is that they all feature unlimited local calling plans, and most feature unlimited toll calling plans, which are designed to serve customers in a low-income demographic who have high volumes of usage. The availability of federal low-income support will only serve to make Cricket's reasonably priced alternative to traditional land line service even more affordable. Given that Cricket offers unlimited toll calling in most of its plans, opportunities will exist for customers to reduce toll charges while at the same time communicate more frequently. And, Cricket's calling plans offer many options, including an unlimited local calling plan for only \$30.00. All of these factors increase consumer choices. Furthermore, because the Lifeline and Link Up support Cricket seeks is distributed on a per customer basis and is directly related to the price that the eligible customer pays, all reimbursements will necessarily be used to provide Lifeline and Link Up services to consumers, thereby promoting these services and the availability of service to low income users – a result that is clearly in the public interest.⁷

PRAYER

WHEREFORE, having fully set forth its application, Cricket respectfully requests:

A. That this Application be granted and that it be designated an ETC in the area requested for purposes of federal low-income support only, and

ASA

lack of a rural versus non-rural distinction for a Lifeline-only applicant because low-income and high-cost support are fundamentally different).

In addition, Cricket would note that it pays all applicable federal, state, and local regulatory fees, including but not limited to universal service and E-911 fees, in a timely manner.

That it be granted such other and further relief as is just and proper. B.

Respectfully submitted,

BEFORE THE PUBLIC SERVICE COMMISSION OF SOUTH CAROLINA

	DOCKET NO		
Re:	Application of Cricket Communications, Inc. for Designation as an Eligible Telecommunications Carrier pursuant to Section 214(e)(2) of the Communications Act))))	CERTIFICATE

THE UNDERSIGNED, William Ingram, the Senior Vice President of Strategy for Cricket Communications, Inc. ("Cricket"), the applicant in the above-captioned matter, certifies in connection therewith, pursuant to 26 S.C. Code Ann. R. 103-690.C(a)(1)(A), as follows:

- 1. Cricket will provide service on a timely basis to requesting customers within Cricket's service area where the Cricket network already passes the potential customer's premises.
- 2. Cricket will provide service within a reasonable period of time, if the potential customer is within Cricket's licensed service area but outside of its existing network coverage, if service can be provided at a reasonable cost by
 - (a) modifying or replacing the customer's equipment;
 - (b) deploying a roof-mounted antenna or other equipment;
 - (c) adjusting the nearest cell tower;
 - (d) adjusting network

- (e) reselling services from another carrier's facilities to provide service, or
- (f) employing, leasing or constructing an additional cell site, cell extender repeater of other similar equipment.

William Ingram

Senior Vice President of Strategy

This 30 day of December, 2009

San Diego, CA

EXHIBIT "C"

Cricket Communications ("Cricket") will advertise the availability of the supported services outlined in its application and the corresponding rates and charges in a manner designed to inform the general public within its designated low-income only ETC service areas. Cricket's advertising and outreach plan includes continuing its listing with the South Carolina Office of Regulatory Staff and modifying its listing with USAC (copies of which are attached). In addition, Cricket will expand its market web-sites. Currently, Cricket is only listing Lifeline service information on its market web-site corresponding with the three counties in South Carolina were Cricket is currently offering Lifeline (i.e., Beaufort, Jasper and Hampton counties) but will expand web-site information to include the market sites corresponding to this application for ETC low-income designation.

Cricket will work with government agencies that administer the qualifying assistance programs and with social service agencies to ensure that they are aware Cricket is a Lifeline provider. Cricket will provide these agencies with collateral materials outlining the Lifeline program and how to obtain Lifeline discounts. Cricket plans to expand their community outreach program in the counties where ETC designation is being sought. Community events in the areas where potential Lifeline subscribers live will be planned. Direct mailing to the zip codes in the covered areas will also provide information on the availability of the Lifeline program. Lifeline materials will be available for non-English speaking consumers.

Advertising will occur through some combination of media channels, radio, newspaper, magazine and other print advertisements, outdoor advertising, direct marketing, and the Internet. Cricket stores

and dealers will be furnished with promotional material visible to customers in the stores including posters and counter cards.

EXHIBIT "D"

STATE OF CALIFORNIA COUNTY OF SAN DIEGO)	AFFIDAVIT
)	

PERSONALLY APPEARED BEFORE ME, the undersigned authority, came William Ingram, who deposes and says as follows:

- 1. I am the Senior Vice President of Strategy for Cricket Communications, Inc. ("Cricket"), and am authorized to give the within affidavit, as required by S.C. Code Ann. Regs. R.103-690.C.(a)(1)(C)(5-7) (2008), in support of Cricket's Application to the Public Service Commission of South Carolina for Designation as an Eligible Telecommunications Carrier ("ETC") in the counties of the State of South Carolina listed on Appendix 1 hereto, for purposes of receiving low-income support only from the Federal Universal Service Fund ("FUSF").
- 2. Cricket acknowledges that it may be required by the Federal Communications

 Commission ("FCC") to provide equal access to long distance carriers in the event that no other

 ETC is providing equal access within Cricket's service area.
- 2. Cricket will offer the services that are supported by the FUSF low-income support mechanisms, namely Lifeline and Link Up services, by using its own facilities
- 4. Cricket will advertise in a media of general distribution the availability of Lifeline and Link Up services and the applicable charges.
 - 5. I have read the Application submitted to the Commission by Cricket and

that the statements of fact contained therein are true of my own knowledge except any such statements as may be made upon information and belief, if any, and as to those I believe them to be true.
